

ADVANCING SURGICAL STANDARDS

ROYAL COLLEGE OF SURGEONS AWARDS INTERNATIONAL ACCREDITATION TO FACING THE WORLD CENTERS OF EXCELLENCE

Welcome to 2021 as we start the year by sharing some wonderful news.

We are delighted to announce that two of the charity's partner hospitals in Vietnam, the **Viet-Duc University Hospital** and the **108 Military Central Hospital** have both been awarded international accreditation by the Royal College of Surgeons of England.

Royal College
of Surgeons
ADVANCING SURGICAL CARE

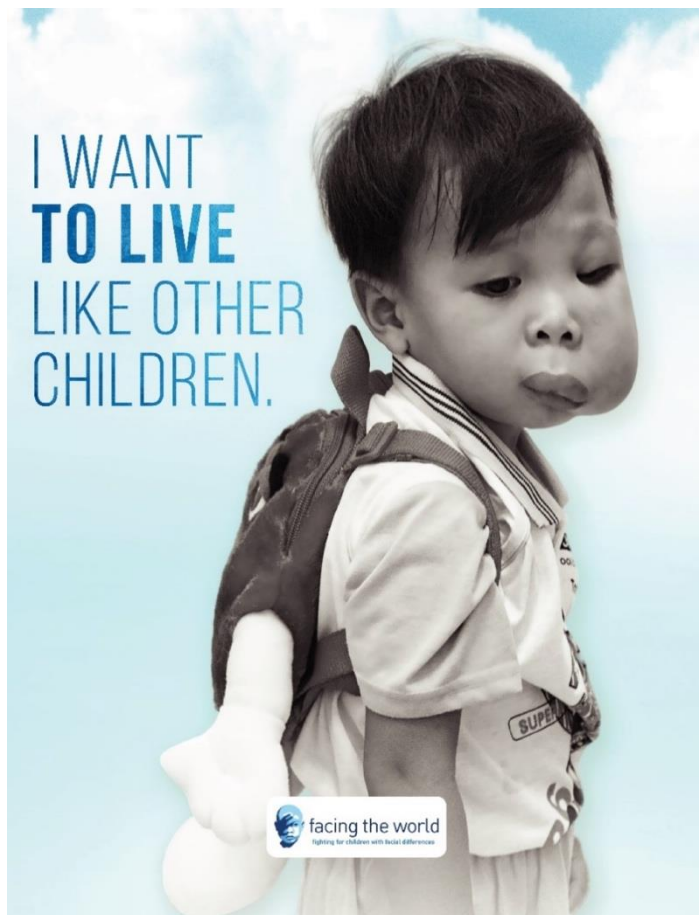

The Royal College of Surgeons of England is one of the oldest and most respected institutions in the world and this recognition represents an international mark of excellence for the hospitals, distinguishing them as exceptional in their approach to the education and development of their doctors and surgical programs.

We believe this accreditation will have a ripple effect through other hospitals within Vietnam which will further aid our vision to have a world where children born with craniofacial differences can access the specialist intervention they so desperately need.

This process has been made possible by the hugely generous support of our network of volunteers and donors. Without you, more and more children would be suffering through no fault of their own.

5-Year Goal:

- Raise £3.5 million
- 40,000 surgeries
- 3 Craniofacial Centers
- 200 fellowships

**Please help these children.
They still need you.**
